The places where these services are to be found should be having passengers when purchasing tickets, or certainly when tickets are examined on pier when boarding ship; also passengers by letter or ticket number should be told when to report at pier in groups at half hour (or 20 minute intervals to avoid 2½ hr. or more wait in line. Those who do not show up at rt time should do the waiting, as how could have sep lines for 1st & other class passengers

Then why does your placard, printed & framed on wall say deck chairs are dollar & you are charged 2.40. It is a bit of a joke to be on that placard!

I said I preferred mine plain, Jack agreed. We were talking about ourselves when Andy who had turn it was to cook & had one hand on the

92nd day - 274 days to come

After getting out of hbr. heavy rolling dumped my books twice despite 1/2 inch ~~toward~~ shelf edge. Yesterday put tub with 3 buckets under boat this morn at breakfast asked Capt to get it out so I could work on it. He promised, but added we'll see what weather is like outside when I got on deck before we got under way. I asked Andy & he said same thing. I did not believe Capt but Boss Field said he promised. Well, he did. Tub could have been put in boat where there already was an undrained bucket with a loggerhead sponge that Bossfield wanted to examine.

Underway all day had rolling (hash?) Lunch was beans only, no coffee all dishes dirty. Dinner, rice & left over beans prep of pork from which Andy helped himself with spoon. Breakfast - cornmeal eggs. I'm still looking for to find in coffee, no other water. April

98th day - 268 days to come

Gentle morning breeze golden, rosy sun rise (only pink sheep in sky) but gone before I got camera. Yesterdays temperatures will be today's and tomorrow's. In a.m. almost feels like 50° and one wears sweater or flannel shirt for some hours at least, and they are comfortable to say least in the breeze that gets up with the sun. The wind that comes in exhilarating stimulation, and though its ^{insistent} persistence may not be to your liking, it makes for comfortable energetic working. One can understand why the Mayas could do what they accomplished architecturally and in order directions (calendar) you can work a.m. from 5 to 12 just about - a 7 hr. day no less, siesta in 12 - or ^{or} every 4 hrs (or perhaps only 2 or 3, and then work 2-3 or 4 hrs more in siesta times in cool buildings high ceiled, & even in shade under thatch roof one is cool, comfortable and relaxed. Yes, but for the wind the temp. might be too warm & sun feel too hot. Without it a tropical paradise, but with it some irritability or much according to your temperament.

Friday **15** July rays of sunshine
Foggy, heavily overcast day reminiscent
of trip over. But not too cold to
stand out doors. Got underway at
at about 4.30 a.m.

The shipping that goes by
Families are carried along in
barges; family wash out, play pens
Kids swing out over water. Did
not get this pic. learned too late
to get camera; barges go by
fast. All sizes, almost all shapes,
and certainly all colors.

Cloudy most all day sort of shirt
sleeve weather. cows + horses dam
on bank. ^{in making} large repair shops
all along the Rhine especially in
Dutch particularly. Cranes everywhere
+ plants, interspersed with Dutch land
+ homes, small + large towns. In some
ways amount of vacant land is amazing
in these small countries.

Cider 1.00, coffee 2.00,
Wine 4.00

198th day - 168 days to come

Sunny, but hazy this early.

In narrow pt. of Rhine above
Wessel, snapped on photo of cars
in back + anchored barges + tugs
before. (813) was opposite ourcabin window. First sunny day
scattered trees + some houses.Sleep well, with glass beer each
evening.At noon we passed Dusseldorf.
Sun blue sky and scattered
cumulus clouds.Cake for desert (from beef)
(for dinner)

Very good dinner

Köln Cathedral very wonderful built
but hedged in by building some old some
new could not get good picture. Coll.
money at all entrances + have post-
boxes standing about. Services in
various chapels here + there within main
building. International news stands but
Tribune sold out. And beer in Keller. Fine bass.

Fifth Sunday after Trinity
199th day - 167 days to come

Sunny in a.m. cloudy heavily
so all afternoon rain began about
5:30 (or 5:00 on). Took pictures
of most castles. Made of small
stones? (except Sicking?) No end of
the castles how did they get along
and support main power.

Out last night by ailing around, man
from Holland urged us to go to Rudesheim
where had wine. Dancing for grosse pfd
for Bubben. 9.00 for 2 botls wine.

36 marks (24 marks plus 12.00)
Ferry 6 marks ^{one way} over and back = 12

Drinket 2 marks (1.80) P.M.

Paper + post cards $1 + 180 + 50$
= 2.30 R.M.

And live virtually along side one another
awfully gloomy colorless day for picture
Jack and wife.

200th day - 166 days to come

Bright & Sunny. Missed transition zone bet mtB and flat lands about Mainz. Through beautifully wooded areas long stretched thru Alvin, said looked like potholes, but it's a mightier stream. Every now and then large manufacturing areas turned up. Mainz, Worms, Frankenthal, Ludwigshafen, Mannheim, maybe last, the greatest. Then in between numerous other plants and factories. Altogether beautiful area, industrious and wealthy too.

Bright & Sunny. All a.m. Jaedz, Long and I discussed Sam Religion to Religion, starts with an Catholicism, & further to an Evangelical. Children of yesterday & today; different, but still the same. Life was off and on. For finance; cost of heating house, coal, gas, oil; down windows, cost of living; steel unions, teachers & politics. Hospitals, operations, our respective appendages. Hotel costs 18; 150; 150 6000 yr. 600 a week. Bell 40-50 a week 9,000 in 1/2 days. Budget.
